

coach life best life

Here some athletes share their feelings towards their amazing coaches.

Sycamore High School is grateful to have our very own double-duty superheroes. By day they teach their hearts out to educate awesome students and by night they use their phenomenal coaching powers to make great athletes! They do double the work and it pays off! We appreciate all of their hard work and dedication to us as students and hope that we aren't such a pain. Each coach puts their all into everything they do and we cannot wait for what more they have to give our school and community. Thank you coaches!
