wise words

Juniors getting ready to take over for their senior

"It's going to be weird and scary, but it's very exciting to be getting our chance as the leaders."

- **Jade Blevins, 11**

"I am really excited to be able to lead a group of lovely ladies! I can't wait to lead practices and have a bigger say in what goes on."

- **Isabelle Ballish, 11**

"In my time on the cheer team there has always been someone that I could look up to. I was able to build amazing connections and find my own confidence. Now, I am very excited to be a leader and role model for the younger cheerleaders. I want to be the person they look up to and create the prime example of what a Sycamore Varsity Cheerleader should be"

- **Victoria Gray, 11**
