ju cheerleading

WHAT IS YOUR FAVORITE PART OF CHEERLEADING AND WHY?

Jui Karpur, 10: "I would say my relationships with the people that cheer with me is the best part of cheerleading. Spending time with them and messing around is pretty fun."

Josephina Morelli, 11: "My favorite part of cheer is getting out of my comfort zone and being challenged with new things. This was my first year doing cheer... (throughout the seasons) I have gained more confidence with myself and speaking in front of large crowds. It has helped me speak up for myself during both school and other activities. I have loved this season's cheer season and I'm looking forward to coming back my senior year."

EVERY CHEERLEADER SHOULD BE:

Scarlet Bales, 10: "Spirited, Energetic, Ready for Anything."

Amanda Johnson, 10: "Committed, Thick-Skinned, Positive Attitude."

Calliegha Neblett, 10: "Peppy, Loud, Confident."
