## TANVI MAYYA, 10

Aves gymnast Tanvi Mayya sets the bar high: She won gymnast of the week for *The Cincinnati Enquirer* and during a recent meet she also won the Cincinnati all-city award, sportsmanship award, and the all-district award.

**Q:** What is your favorite part about competitions?

**A:** "I just love the environment. Everyone is best friends even though we are all competing against each other. You get to talk to others about their routines and cheer them on. You also get to know people from other schools."

**Q:** Has gymnastics taught you any important life skills?

**A:** "Definitely. It has taught me leadership and sportsmanship because it's a competitive environment since your competing against everyone on your team. But, you still are a team so you have to show that and believe in that."
