

you know it's not the same as it was

Senior Elementary Walk

For some students, it has been 8+ years since they have been to their elementary school. So each year before Graduation, seniors take a trip back in time.

When asked about what it was like, **Jude Whalen** describes it as "A sad kind of hopeful, and everything felt so small." Some of the seniors' favorite memories include the playground, board games, and spending time with the future students of SHS.

Seniors also had their annual Senior Picnic, a day filled with bouncy houses, delicious food, and even a magician.

Cheers to the Class of 2023!
