

# Funny Girl

This year's musical, "Funny Girl", was an excellent production, combining the talents of a variety of Sycamore's actors, vocalists, and musicians. Spending long and grueling hours in rehearsal, the performers worked and labored for over a month before the musical debuted in late November. But the devotion and dedication of the cast, chorus, and orchestra paid off in the end. For those who attended the musical, they were treated with a dazzling and invigorating display of Sycamore's talented performers at their best.
