

Sports Awards Banquet

Toward the end of each sport's season, the team members, coaches, and parents of the athletes gather at the high school for the Sports Award Banquet. Fall, winter, and spring sports are ardently praised at the end of each respective season. The hard work and discipline of all the teams are extolled and remembered. It is a time when the team members and coaches alike can reflect on a season of worthwhile competition and remember the fun and enthusiasm they shared along the way.
