**Jen Schefft** became the third Bachelorette in ABC history. She along with 25 guys explored New York City and got to know each other. Ultimately, she chose to remain alone.

**The cast of Survivor: Palau** heads toward the beach. They were left with nothing on the island. Needless to say, roughing it was an understatement.

**Laguna Beach's Steven and Kristin** share a quiet moment. The show was really popular and chronicled teenage drama. Relating to the cast was effortless.
