It's all about individuality. There are 1,963 of us here and we are all trying to find our place. Why? Because we want to be individuals. The theme for this yearbook is Take a Walk in Our Shoes. Most of us want to be noticed, to be recognized. We want to find our place here at high school and for that place to carry on into our lives. Each of us want to find our niche, and with about 75% of us participating in extracurricular activities and around 60 extracurriculars to choose from, increasing every minute, this is very possible and highly probable.

This yearbook, volume 62 of The Log, was possible because of the help of its devoted staff in room 115 and publishing company, Herff Jones Publishing Company, 9601 Monroe Road, Charlotte, North Carolina. Our Herff Jones representatives and customer service adviser: Matt Woellert, Ben Krenwinkel and Carolyn Parker, proved to be very helpful, as was our professional photographer, Jeremy McDaniel. He took the sports and action shots while staff members took the others. We finally put the book to bed on June 15, 2005. It was printed in Bookman Old Style for its body copy and a variety of others for headlines and extras. The student life section was done with Gill Sans and Babelfish. Academics used Stencil, Clubs used Contemporary Brush. The extensive Sports section utilized Storm and Albertus. The People section used Flubber and Guthrie, with Dateline with extras.

The timeline at the beginning and end of the book were done with Congo.

\$60 to buy a yearbook

2 editors

22 staff members

24 Dell computers

80 pound paper

1 color printers

2 scanners

1,000 books printed
