J. Logan Ronk, 10, studies for the OGT. "We plan all year for the OGT and after it is all over, it feels like a waste of time," said Ronk. Most students seemed to agree with her thoughts. Even though the OGT decided her fate to graduate, some thought it was just too easy.

Spencer Deutsch talks about the OGT

q: Do you think the OGT is necessary?

a: Yes, the students need a standard to graduate.

q: Did you do anything to prepare?

a: In most of my classes we took practice tests.

q: Did you think that the OGT was too hard?

a: No, I think I did okay.
