Third Party Services

Osborne Logistics has over 300 contract carriers on file to ensure prompt movement of freight anywhere within the United States. All contract carriers are required to sign a contract and provide Osborne with a copy of their liability and cargo insurance before moving any freight for Osborne customers. Dispatch for contract carriers is handled by Osborne personnel to maintain supervision over shipments.

Logistics Management

Osborne Logistics offers customers assistance in figuring traffic lanes, transporting finished products to distributors or to the consumer as needed. With total logistics management, services can be tailored to meet the specific needs of the customer.
