Warning... winter weather advisory

Snow days were a success. This winter the students lucked out. The administration planned for five snow days, three were used.

"I was always so excited when my sister didn't wake me up, and I rolled over later to see that my clock read noon," said **Todd Juran, 10.**

Students spent their snow days: skiing, sledding, sleeping, shopping, hanging out and some had to shovel.

"One of the snow days that we had I spent having a snowball fight with a bunch of my friends in my backyard," said **Kelly Spry, 10.**

"I spent my snow day with my friend building a snowman," said **Nikki Wissing, 10.**
