# Contract Commotion

By Anne Willis

**NEW YEAR**  
**NO CONTRACT**

3. Teachers wore brightly colored signs around their necks. It was a silent reminder that they were working without a contract.

"I think it's awesome that we finally got the contract issues settled!"  
 -Ms. Haverkos

5. It's 3:00 PM.- where are all the teachers? The teachers worked their contractual day to demonstrate their frustration with the unsettled contract.

4. Board members, **Mr. Pete Hershberger** and **Mrs. Mary Overman**, earnestly listened during School Board meetings to all parties involved in the contract negotiations.

**Remember that in life and in college, what you learn is more valuable than the score you earn.**
