

As Time Goes On

Way to go class of 2003! Parents, friends and the community surrounded this class with a lot of support.

Clear the roads! Ryan Schweet, 12, started driving his parents crazy at such a young age. Not really, his parents have been there and watched him become a great guy.

Giddy up cowgirl! Brooke Glassman, 12, saddled up and was ready to ride her favorite little pony. Her parents could not catch her...she was already off and away.
