

### Bethany Hauser

*You had a dream when you were young. You wanted challenges, to be stretched out of your comfort zone. You didn't want an experience of "been there, done that, got the t-shirt." You wanted more. You went for it, stayed the course, and succeeded! We know this same determination, perserverance, and hard work will serve you well as you enter a United States service academy and later serve the Nation. Congratulations! We love you so much and as so proud of you.*
