

**The last steps before freedom.** The senior class takes in every moment at their graduation ceremony on Sunday, June 1st, while listening to their classmates make speeches. There was no doubt that it was time to graduate.

Going through the school year,  
minute by minute, we have been saving the seconds,  
taking time outs, watching things happen in the nick of time,  
cherishing moments time after time,  
waiting for high school to be out of time,  
and moving through a time warp...  
*It's About Time.*
