

HELEN N. SMITH
Director of Women's Athletics

Have a hobby, *do* something, be somebody. Work and play together. Let your ideas and ideals be the highest, and live by them. You can't create sportsmanship by merely saying "be a sport." It comes by "doing" things and "being" a good sport. A University is known by its spirit. There is no spirit unless each and everyone is working together, playing together.

The cry of the W. A. A. this year is to "do something, be somebody, and have a hobby."
