The Bearcat Book is the annual publication of the Department of Athletics of the University of Cincinnati and is distributed yearly to prospective matriculants of the University recruited from the senior classes of the high schools of Cincinnati and vicinity. The book proposes to present to these men the athletic achievements of the various teams representing the University in major and minor inter-collegiate sports. There is an attempt to give the new man some idea of the extensiveness of the department and its capability of providing ample accommodations for all university athletic endeavor.

The book is presented to the prospective man at Hotel Varsity, the annual banquet and entertainment of the Y. M. C. A.
