

# Ulex

Out of the evanescent mists of the empyream, wafted on the billowy zephyrs, leaping the incomparable abyss to dash itself against the fairy softness, the icy kisses come lurching with each caress, loitering with the vagrant winds. "Ah ha! What hast thou there?" And incommunicably mournful sougled the answer, "Razberrahs." And so, limned against the incarnadined nebulae, we fade and we are gone, austere permeated with the myrrhy fragrance, aspiring ever, failing never. Such is our mission.
