MEMBER IN FACULTY

Dean Josephine Simrall

The Woman's Student Government Association, with its representative council, has taken its place as the coordinating body for all women's activities. One of the most important phases of W. S. G. A. is its work with the Freshman Convocation groups, which was very successful this year. The assistance of Miss Simrall, Dean of Women, has been invaluable in working out our problems.

With the cooperation of all the women, W. S. G. A. will continue to give its best to the University.
