Lakamp

WHAT do you think of that? Four victories in a row! That is the best a Cincinnati team has done for years. The first half was a see-saw affair with Kenyon having a slight edge. Then in the second half Bursiek got busy. This lad did nothing more than score three touchdowns in the final two periods. He was hard pressed for honors by three other backfield men, Bohl and Gervers of Cincinnati, and Stock of Kenyon. Wilhelm of Kenyon also played a bang-up game. Barney did a good job of quarterbacking.
