THE SENIOR HOP was the first varsity dance to be given in the new Y building. A small, but—as the committee say—select gathering attended. Music was furnished by the Campus Owls of George Eiche. The settings of the beautiful new building offered excellent facilities for a social affair of this kind.

The Senior Dance is the last gathering of the outgoing class, as well as the last college dance of the year.

"On to the Boat Ride," is the motto of the Seniors, then caps and gowns, graduation and departure, some to return again at class reunions and some to be seen no more.
