

1930

THE work of the Military Department has progressed satisfactorily during the past year. This is the result of the willing spirit shown by the cadets, and the help and co-operation of the engineering faculty.

Our objective is not to foster a militaristic spirit, but to help train our educated youth for their duties as good citizens. Our graduates will be good citizens in times of peace and will be ready to assist our government in meeting a national emergency.

MAJ. C. R. JONES.
