DR. E. LUCY BRAUN A. H. POVAH
 DR. J. H. HOSKINS PAUL V. JAGUA
 DR. O. T. WILSON MARGARET FULFORD
 HESTER STEPHENSON

THE BLUE HYDRA SOCIETY is an organization of students taking advanced work in botany. It is the oldest student organization on the campus, having been organized in 1902 as a biological society. This year under the auspices of the Blue Hydra Society a 70-acre tract of property at Hazelwood has been secured as a permanent botanical preserve. This land has been deeded to the University. The society holds monthly supper meetings. For several meetings of each year it secures as speakers men who are doing interesting botanical work at other institutions. Blue Hydra furthers good fellowship among its members and has always had the motto, "Once a Blue Hydra, Always a Blue Hydra."

MEMBERS

Grace Hughes	Vera Hesterberg
Katherine Wozencraft	George Diehl
Helen Wurster	Harris Benedict
Martha Dudley	Alice Phillips
Mary Wund	Gertrude Louise Keller
Ruth Sippel	Marybelle Shriner
Caroline Boyson	Edith Face
Margaret Benedict	Rowena Evans
