WALTER APPLER . . . . .	<i>Treasurer</i>

THE PURPOSE OF THE GERMAN CLUB is to unite in a social group those students who take an active interest in German language and culture. Programs are so planned that a variety of interesting subjects is presented in the course of the year. Topics on pertinent subjects of the present time, such as Wagnerian music, the life of Schubert, etc., now being included. Speakers, music, dramatic sketches, and discussions form the basis of the meetings.

During 1929-30 the German Club has had a most prosperous year. A constantly increasing membership has made possible a considerable expansion in activities. The local club has affiliated itself with the Federation of German Clubs in the United States. It is to be hoped that the kind assistance of the faculty and the splendid enthusiasm of the students of the German Department will continue to make possible as successful a club in the future.

## La Tertulia
