

In the future

There will be a time when you will be the leaders in some profession or industry. As the future leaders you will be interested to know that Cincinnati holds the position of world leadership in the manufacture and marketing of machine tools—a basic industry. Practically an entire manufacturing shop can be equipped with tools that are made in Cincinnati and vicinity.

It is significant that The Cincinnati Milling

Machine Company and its associate company, Cincinnati Grinders, Incorporated, are leaders in their fields of milling and grinding. Such leadership is deserving of your continued observation.

It is worth your time to visit our plant and see for yourself this organization of men, methods, and machines. Leaders today—equipped for tomorrow!
