KAPPA KAPPA GAMMA

Six-thirty found President Wehmann pounding madly on the table for order. There was a discussion as to whether influence could be brought to bear on the committee so that Cook could get the Geneva fellowship as that would be one thing that Kappa could boast about. Sister Breese suggested that since Gebhardt had been put on the Mystic Honor Roll that she might get into at least one activity. It was moved by Sister Guetlein that West and McConnell be given Kappa manuals so that they could start training the Freshmen early.
