

## Nineteen-Thirty-One

Many prominent city officials and alumni attended the Homecoming game, occupying a special box reserved for them. City Manager C. A. Dykstra addressed a few words to the crowd during the half, mentioning, incidentally, that he had enjoyed seeing the University win the four games he had attended since being in town.

Winning Sorority Float—Alpha Chi Omega

Tri Delt entry—"Kansas City Kitty"

The crowded alumni and student sections of the stadium applauded the announcement that Alpha Chi Omega Sorority for the third successive year won first place in the women's division of the parade. Their entry represented a large ship containing comely pirates who were supposed to make the Denison jinx walk the plank.

The captains of all Varsity Football teams came down on the track during the half. They ranged from Dr. Arch. I. Carson who was captain when our field consisted of only two goal posts, down to Frank Dost, captain of the squad last year. Dan Laurence, Vice-President of the University, who was captain in the early '90's was also present.

Pathe was also on the scene to record the event on their supersensitive celluloid to be flashed on downtown screens. Likewise, two of the boys on the football team collected on Basement Joe's offer of a box of his Christmas candy (take it or leave it) for every touchdown against Denison. We are still wondering if that is why Sidingler refused to run.

*The Dorm responds with "Sittin' Pretty,"  
second prize, men's class*
