

Women's Minor Sports

Golf, fencing, archery, tennis, and water-basketball are among the minor sports indulged in by the members of the Woman's Athletic Association. Individual and class attention is given along these lines and this year Dr. Hutchings, the coach of the University men's fencing team, gave special coaching to the girls interested in that sport. In the spring, too, a tournament sponsored by the W. A. A. is conducted for the tennis enthusiasts.

Honor teams were selected in fencing and rifle marksmanship. As announced by Louise Dohrman and Gladys Reddert, the managers of these sports, the teams are as follows:
