The Orchestra of the School of Nursing and Health has progressed rapidly during its three years of existence under the leadership of Mr. Garner Rowell, conductor, and Miss Viana McCown, faculty advisor.

The organization has worked earnestly for the best possible attainment in this, their secondary interest. The work has been a source of great satisfaction and pleasure.

The orchestra has been exceptionally fortunate in the active interest and support of the student body, the Alumnae Association of the School of Nursing and Health, and of Dr. Philip Ogden of the University.
