The Co-ep Club is an organization embracing all co-operative women students in the College of Engineering and Commerce and the School of Applied Arts. The purpose of the club is to bring together in closer relationship the students of these two schools, just as, later, in the fields of art, industry and science, they will inevitably be drawn together. There are three social functions each year—a reception for the freshmen in the fall, a dance in the winter, and a banquet in honor of the graduates in the spring.
