

## Varsity Boatrike

With every inch of available space on the upper deck taken, the majestic "Island Queen" set sail Friday, May 20, carrying a large host of Varsity's most uproarious mermen and mermaids.

Tony Salamack and his orchestra strummed gentle tunes for the few who came to dance.

Midway during the evening the winners of that annual farce, the Uglyman Contest were presented to an horrified audience. Obliging youths spent the remainder of the evening caring for those timid maidens who were made ill by the gruesome exhibition of monstrosities.

Led by Skipper Mullikin the "Queen" entered harbor at 12:30, when anxious swains retrieved their co-ed friends from kindhearted fraternity brothers and departed for their dates.
