The Braune Civils is a student chapter of the American Society of Civil Engineers. The members are composed of all students enrolled in the Civil Engineering classes of the College of Engineering.

The object of the organization is to bring the students together so as to become acquainted with each other and their department professors. This is done through the presentation of lectures and motion pictures of interesting, important, and up to date methods of conditions and projects of interest to Civil engineering students. These lectures are given by men of local prominence and large concerns with representatives in Cincinnati.

The two big social events of the year are the Braune Civils dance and banquet.
