

# BASKETBALL

Basketball — inaugurating the winter season — each class frantically striving to perfect a team — every sorority bent on capturing the prize — weeks of practice and then the games begin. One after another the teams are eliminated until the seniors and sophomores oppose each other for the championship. This game is the important one of the season — it establishes the supremacy of one team. After the dust of battle clears away there stand the seniors — victorious. An excellent sport developing a keen mind and quick action — the ability to do the right thing at the right time — and speedily — a sport in which each girl takes part for the sport alone and not for the honor and glory of victory.
