The Co-ep Club is an organization embracing all co-operative women students in the College of Engineering and Commerce and the School of Applied Arts. The purpose of the club is to bring together in closer relationship the students of these two schools, just as they are brought together in the fields of art, industry, and science. There are three social functions each year—a reception for the Freshmen, a dance in conjunction with the co-op club and a banquet in honor of the graduates in the spring.
