Fellow Students:

Following in the footsteps of last year's Council, we effected the new plan of student government and we have made definite progress, we feel, towards the future. With the help of the student body at large, much has been accomplished that would have otherwise been impossible.

We wish to thank our faculty advisors, Miss Jean Winston, Mr. Arthur W. Holmes, and Mr. Arthur Postle, for the willing help that they have given us this year.

I also, personally, wish to thank all the members of the Student Council for the way in which they helped me carry on this year's administration.

Sincerely,

ROBERT W. HOEFER, President
