Oh, Baby!

Help bring a child's laughter to a loving home

A loving couple desires to grow their family, but infertility prevents them from doing so.

If you are a healthy woman between 21 and 32, you may be able to help this couple's dream come true by donating your eggs during one menstrual cycle.

All replies are strictly confidential. If eligible, you will be compensated generously for this wonderful gift.

For more information about becoming an egg donor, call the egg donor nurse at (513) 924-5577 or send e-mail to sawadalla@fuse.net. Mention Department 220.
